Rotovac 360i Truckmount Package Carpet and Tile Cleaning 165 ft Hose set Bundle 18160327

Most carpet cleaners today still use the old manual scrub wand method simply because it has been around for over 40 years. Using a manual wand requires a great deal of physical labor and only cleans from two directions, often producing only mediocre results. The manual wand is old technology and offers nothing new or different to market to your customers
