Powerhorse 83169 Portable Inverter Generator 2300 Surge Watts 1800 Rated Watts

Manufacturer: Powerhorse

Powerhorse 83169 Portable Inverter Generator — 2300 Surge Watts, 1800 Rated Watts

Not for Sale in California

Description

This Powerhorse Portable Inverter Generator offers greater performance combined with clean, quiet, reliable power. Quiet 52dB noise level makes it ideal for home, camping, tailgating and more. Low distortion output allows safe operation of sensitive electronics, including laptops, smartphones, TVs, tools and more. Parallel-ready design (parallel cable kit with extra 30A 120V RV outlet, Item# 89778, sold separately) allows connecting two Powerhorse 2300 Watt inverter generators for home standby power, providing up to 3600 Watts of rated power for larger appliances.

What's Included

- (1) Portable inverter generator

Product Manual

Features + Benefits

- 80cc OHV engine
- Quiet 52dB noise level makes it ideal for home, camping, tailgating and more
- Less than 1.5% total harmonic distortion safely runs sensitive electronics with no interruptions or disturbances
- Variable engine speed and Engine Smart Control system help reduce fuel consumption and noise by using only required engine power
- 3-position throttle (Standard, Economy and Max) offers flexibility and maximum fuel savings
- New MAX setting provides higher engine RPM for increased power when needed
- 100% copper-wound heads allow operation at full load continuously for weeks without overheating
- Quick-access removable side panel makes adding oil quick and easy
- U.S.D.A. Forest Service-qualified spark arrester for safer use in parks and forests
- Low-oil alert protects engine
- Includes (2) 120V 20A and (1) 120V 30A locking outlets
- Parallel-ready design (cables sold separately) allows connecting two Powerhorse units (2300 Watts) for up to twice the power
