Manufacturer: Husqvarna Construction Products

Husqvarna PG540 Concrete Floor Grinder 967977404 240v 1 phase 21.25 inches
Freight Included

The PG 540 (5.5 hp / 4.0 kW) is a powerful, compact and versatile planetary floor grinder perfect for smaller jobs. Available in both single phase and three phase. It combines a smart compact design for easy transportation with real work-horse performance and sheer grinding power. Thanks to the split-chassis design, the PG 540 fits in most standard cars. It's easy to handle, tilt and operate with optional adjustable weights for extra grinding pressure. Suitable for all applications: floor prep, grinding and polishing. The PG 540 is the compact choice for the HIPERFLOOR® concrete polishing system. To maximise reliability and reduce maintenance, the vital components of the PG 540 are protected against dust and slurry inside the hermetically sealed grinding head and electrical cabinet.
