Manufacturer: Husqvarna Construction Products

Husqvarna PG 830 S Concrete Grinder 480 Volt 3 Phase 32.7 inch 15 Hp PG830S 967977702 price match

PG 830 S grinder focus on core grinding performance. It is a single motor version of the largest floor grinder size in the Husqvarna PG-range. This is a good choice for most grinding jobs, and for users that prefer a non-motorised drive. The PG 830 S is easy to use, still with large capacity thanks to the 32 in / 830 mm grinding width. Adjustable weights for extra grinding pressure are optional. Key components are sealed against dust and slurry for maximized reliability and low maintenance.
