This machine will feature the same command hub as our dehus with the same BLE/WiFi features plus much more!

The new HEPA 700 incorporates all that customers loved about the HEPA 500 (for 15 years!) PLUS higher performance, new Command Hub technology and more:

- » Significantly quieter for use in occupied spaces
- » Passes DOP tests using filters included with unit
- » Low 1.5 – 3 amps and variable airflow to 700 CFM (Xactimate: WTRNAFAN>)
- » GFCI outlets to connect up to 8 units on low
- » Touchscreen controls airflow and displays filter life
- » Ductable inlet and outlet
- » Rugged yet lightweight, securely stackable housing
- » 24/7 remote monitoring and control by smartphone - connect to the free Command Center app and dashboard (coming soon!)
