Model Number: 8149-92

J.E. Adams 8149-92 Imonex - Z32 Electronic Multi Coin Acceptor

Manufacturer: J.E. Adams

J.E. Adams 8149-92 Imonex - Z32 Electronic Multi Coin Acceptor

Description

Imonex electronic coin acceptor takes:

- US \$1.00 coins
- US quarters
- 1.073 tokens
- 0.984 tokens

This coin mech accepts tokens as an equal value to its like coin only (quarter = 0.984 token & dollar coin = 1.073 token) and is NOT programmable. For example, if you set the unit to vend for \$1.00, with this coin mech, that would require (4) quarters or (4) 0.984 tokens. If you want 1 token to equal multiple quarters you need to upgrade to a programmable coin mech. See item #8131-33.
