Ships form the KCOT warehouse.

PG 400 is a versatile and very productive single disc floor grinder for a wide range of applications. With its 16 in. wide grinding width it efficiently grinds adhesives, paint, epoxy and spackle on medium to large concrete areas. PG 400 is easy to transport due to its compact and foldable frame. The machine is designed to facilitate an ergonomic work position and is easy and convenient to use.

Version 2 means it has the new foldable / removable handle and power control system. These grinders do not include a power cord longer than one foot. Power supply listed below. Video below shows how to power up your PG 400 240 Volt 11 amp Grinder.

Demo / refurbished / blemished means: might have blemish, scratch, rust, or dent, used at a trade show, tested in the showroom by a customer, last years model, return by shipping company, returned by customer, used by factory for R&D work, no factory box, used to make this video above, etc. Limited stock so if you purchase it and we cannot fill the order because another customer beat you to the bargain, your money will be returned. Please do not call to see if it is still available as if the web page is up and viewable, it is available this second. If you delayed and asked if it available, your letting some other customer place the order ahead of you! Please do not delay on this once in a lifetime deal.

>
