Product Description

The Husqvarna Kâ€¯2500 works with a traditional 16" cutting blade, and is frequently used for pre-cutting where you finish the job with a Kâ€¯3600. The Kâ€¯2500 is surprisingly light and maneuverable, powerful and durable, so you can work efficiently and comfortably for longer periods. As you avoid exhaust fumes and high noise levels, it’s particularly well-suited to working indoors.
Hydraulic PP518 Pump or similar not included

Light with High Power
No fumes and lower noise levels at operator location.

Demo / refurbished / blemished means: might have blemish, scratch, rust, or dent, used at a trade show, tested in the showroom by a customer, last years model, return by shipping company, returned by customer, used by factory for R&D work, no factory box, used to make this video above, etc. Limited stock so if you purchase it and we cannot fill the order because another customer beat you to the bargain, your money will be returned. Please do not call to see if it is still available as if the web page is up and viewable, it is available this second. If you delayed and asked if it available, your letting some other customer place the order ahead of you! Please do not delay on this once in a lifetime deal.

All sales are final.
Same factory warranty as brand new: 1 years parts!
Extend the warranty to 3 or 5 years for a little more.
Condition of this machine: "A" Only 1 at this price!
Our demo equipment usually has less than 100 hours on it.
Photos are not available as these ship from the factory rep direct to the customer and have already been cleaned and packaged.
