Model Number: B.200741
Pullman Holt Downdraft Axial Air mover
Manufacturer: Pullman Holt
Pullman Holt Downdraft Axial Air mover

This new axial fan provides 3500CFM with 1/4 HP 2 speed, 2.2 amp motor. Rugged molded polyethylene housing operates in four drying positions and can also be stacked four units high for storage. Four heavy duty casters and a telescoping pull-handle provides exceptional mobility. Includes built-in GFCI protection.

Stack up to four units. For downdrafting and mobility.
Connect up to 6 units on a single 15-amp circuit. Built-in GFCI protection.
